

Secret Confessions script features document:-

With **Secret Confessions** you can create communities where users in total anonymity, can insert their confessions according to the theme of your choice. Create categories for each type of confession to create a viral and fun website. Some of the ideas that can be exploited are, confessions, secrets, ugly figures, stories of love and much more, just find an idea!

We used Bootstrap to develop the layout, so it's fully responsive and you can navigate comfortably from any mobile device.

Secret Confessions installs in just 10 min. It is designed for everyone, even for less experienced ones, its installation is very simple and fast! Our staff is at your disposal if you need it, just send an email.
